NO PROGRESS IN SALE OF
NEW YORK HIGHLANDERS

Ban Johnson Leaves for Washington
(to Confer With President Minor
on Walter Johnson Case.)

JOHN EVERS SERIOUSLY ILL
Braves' Captain at Hotel Somerset
Suffering With Pneumonia—Can-
not Be Moved to Hospital—Ward
Ready to Return Marquard.

NEW YORK, Dec. 10.—The sale of the New York Yankees to Jacob Ruppert, Jr., and Captain Tillinghast Lunt, is still in the air. Ban Johnson, who is the prime mover in the deal, left today for Washington, where he will discuss with Ned Minor, president of the Federal League, the proposed sale of the Yankees to the Federal League owners for signing Walter Johnson. Ban is expected to return to New York on Monday. Captain Johnson said today that the deal was progressing, but that all were hopeful of results in a few days.

John Evers, captain of the Boston Braves, is dangerously ill in the Hotel Somerset here. Early today his illness was diagnosed as pneumonia, and two doctors and two trained nurses are now in constant attendance upon him. While Mr. Evers has been summoned from Chicago by telegraph and is now on his way to his bedside, the doctors are reasonably sure of recovery provided he could be kept in bed. He is a nervous invalid and the increased seriousness of his illness is attributed to the fact that last night he disobeyed the doctors' orders and insisted on getting out of bed and sitting up in his room. It is expected that the presence of Mrs. Evers may help him less restless and more inclined to follow the treatment outlined by the physicians and nurses. Captain Gaffney, of the Braves, is personally looking after the care of the patient until his wife arrives. The doctor said this afternoon that only one of Johnny's lungs is affected, and that he is not in danger of death, and thinks his outdoor life will be a great assistance to him in fighting the disease. Evers caught cold during the blizzard on the opening day of the national league meeting and tried to keep going longer after he should have been in bed. The doctor says it will be fatal to try to move him from the hotel, either to a hospital or to his home.

The Brookfords are ready to give Ruben Marquard back to New York Giants without any legal fight. R. B. Ward, president of the Brooklyn Federal League club addressed a letter to the National League, president, and the Giants saying that if the Giants would show a contract with Marquard the Brookfords would "discuss" the Marquard question of a cancellation of his contract with the Federal League. Ward also says that Marquard solicited a contract from the Federal League instead of being kidnapped by the Brookfords. He adds that it is his desire to play fair. If the National League team decides to show Marquard's contract for 1915 it will stop what has been anticipated as a bitter and costly court fight for the \$11,000 bounty.

Acid Stomachs Are
Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. People which ordinarily cause distress may be cured with impunity if the meal is followed with a little bisulphated magnesia, which can be obtained from any druggist, and should always be kept handy.

[Special to The Times-Dispatch.]
PETERSBURG, VA., December 10.—R. Bolling Willcox, Sr., whose illness was mentioned in today's Times-Dispatch, died late last night at his home, "Flower de Hundred," in which he was born sixty-seven years ago, and in which he passed the greater part of his life. He was educated to the profession of law, but never devoted much attention to its practice. He was a man of varied and brilliant accomplishments, and was a close student of history and current events, and his mind was a storehouse of knowledge. For many years he lived at home, which was always open to the hospitable reception and entertainment of friends, of whom he had a great number. Mr. Willcox was the son of John P. and Mary J. Willcox, of "Flower de Hundred," and was born October 6, 1847. He was educated at the University of Virginia and other colleges; was at one time a prominent State politician, and for some years represented the district composed of the city of Petersburg and the counties of Prince George and Surry, in the Virginia Senate. He was the true type of the Virginia gentleman.

Mr. Willcox is survived by his wife and six children, viz: John P., of Atlanta; Miss Elizabeth M., of Prince George; Frederick, of Petersburg; Dr. D. D. R. B. Jr. and D. H. Willcox, of Petersburg. The funeral will take place from St. Paul's Episcopal Church in this city to-morrow afternoon at 3:30 o'clock.

POSITION REVERSED

Arthur Scott Comes to Court as Witness and Is Accused of Crime.

Arthur Scott, colored, yesterday came to the Police Court to testify against Nellie Croxton, colored, who was charged with stealing a suit of clothes from Benjamin Harvey, and left the court room in the custody of Detective John Duffy, having been arrested on a charge of stealing the clothing himself. The man was sent to the First Precinct Station and will be arraigned in court this morning when Nellie Croxton will probably be a witness against him.

Detective Duffy said that information which he had secured led him to believe that Scott, with several other negroes, had prepared a "frame up" on the Croxton woman, believing that Harvey's clothes had not been recovered by the police. However, Police-man A. M. Smith had succeeded in getting them and was prepared to testify. When the case appeared to have failed, Duffy sent Scott to a corner of the court room and then summoned Parn-

broker Friedman to pick out the man who had pawned the clothes. Friedman entered the room alone and after several minutes returned to Duffy with the information that he had located his man. He pointed out Scott and the arrest followed.
